The PlayShare group of companies is licensed and regulated by the Kahnawake Gaming Commission. Our cutting-edge software is provided by industry leaders, Microgaming.

### The new CasinoShare.com site is live!

The velvet parted, and there before us was the best-looking, slickiest and most accessible Casino site we'd ever seen. It was called CasinoShare.com. And it was good.

At last – a site to match our software for aesthetics, functionality and sheer intuitiveness.

## Playshare News What's new at Playshare Affiliates?

### PlayShare has launched

We are proud to present PlayShare, the parent company which operates CasinoShare and PokerShare.

PlayShare PLC is a UK public company which has offices in 5 countries across 3 continents, ensuring unrivalled service to all players.

PlayShare has been created in order to develop our growing family of unique and highly successful gaming sites. It will also serve to create a clear focal point for our partners, customers and investors.

The PlayShare group of companies is licensed and regulated by the Kahnawake Gaming Commission. Our cutting-edge software is provided by industry leaders, Microgaming.

### The new **CasinoShare.com** site is live!

The velvet parted, and there before us was the best-looking, slinkiest and most accessible Casino site we'd ever seen. It was called CasinoShare.com. And it was good.

At last - a site to match our software for aesthetics, functionality and sheer intuitiveness.

## Affiliate Commission Rates

### How much do you earn?

#### Payment Plan - Percentage Revenue (PRP)

Receive a monthly payment based on the revenue of your referrals.

**If you want long-term revenue, this is for you!**

You start earning commission on a monthly basis as soon as you refer players to us. We provide a growing wide range of innovative marketing tools to help you advertise. Each marketing item you use (e.g. banner or text link) will contain your embedded Affiliate ID. This tracks the players you refer along with a range of information such as visits, downloads, guests, etc.

Affiliates earn commission on a revenue share basis. This means that you earn between 25-35% of your players net revenue for the lifetime of the player and your commission tier is calculated by the total net revenue of all your players on a monthly basis.

#### Revenue Share Payment Structure

Net revenue from all your players	Revenue commission
Of players up to \$10,000	25%
Of players from \$10,001 to \$20,000	30%
Of players over \$20,000	35%
